

Pre-School Dig For The Pool!

When Eddie's Mum, invited Moa Kids to come to Scarborough Park to help in the Pre-School Dig For The Pool Event on Tuesday 2nd Sept, we decided to take Holly, Ellie, Sophia, Bella, Rose, Saffron and Benji. Sophia's Mum, Olivia came and Bella's Dad, Ben came too and brought a big spade which was A GREAT IDEA ! We put on our Hi-Vis Vests, packed our spades in a bag and walked down to catch the bus! In Sumner, we walked to the park where we found other Moa Kids, Eddie, Zoe, Tilly and Oak. We sat for a welcome and blessing of the park by Maori people from Tuahiwi Marae. Then, at last it was time to DIG ! Ben made some holes for us as the grassy ground was very hard and the children made a great effort at trying to make the holes bigger.

Soon it was time for morning tea, gingerbread, shortbread and ice-blocks! Certificates were presented, and lots of photos taken. The pool and water play areas are going to be built and should be ready for families to use in the Christmas holidays.

Thank you Holly, Ellie, Rose, Saffron, Bella, Benji and Sophia for doing so well at digging and playing together, it was a very happy little adventure and I think we should all go there again sometime to see the progress. Patience, perseverance, co-operation and being willing to be involved in a group activity were all part of the experience which made it all so enjoyable.
